

# LANDSCAPING PRECAST

## Why choose precast concrete over natural stone?

- Significant cost savings
- Less than half the weight of natural stone
- Realistic shapes with colour effects that look remarkably like natural stone
- Stackable and easy to install
- Preselected shapes and lengths and incremental size options provide more consistent measurements

## CHISEL STONE

SUNSET BUFF

GRANITE

EBONY

**SIZE** | 12" high x 16" wide x length | Length of stone ranges from 18" to 23". This variation in length adds to the authenticity of the look of natural stone.

**WEIGHT** | 100 to 150 lbs per piece depending on length | **HOLLOW**

**PACKAGING** | 8 pieces per skid with a minimum of 4 variations

**COLOURS** | Sunset Buff, Granite, Ebony

Hollow for easier installation
